

Best Presentation Award

sponsored by **CMSDANSKIN**
ACOUSTICS

SRL Technical Services
*Sir William Henry Bragg Building,
University of Leeds*

This award is decided by delegates attending the event and recognises the best presentation by one of the shortlisted entrants for the 2021 awards.

Acoustic Awards 2021

The ANC awards highlight the unique skills of our UK-based acoustic and noise professionals, and the dynamic and diverse nature of the industry overall, to inspire the next generation of acoustic consultants. These accolades demonstrate excellence among our members in addressing challenges across the nation and around the world – championing innovation and originality and showcasing the significance of a profession which blends art and science to transformational effect.

Judges 2021

The judging panels are made up of consultants, academics, suppliers and those with specialist knowledge of each award category. We gratefully acknowledge their contribution and input to reviewing the entries and providing feedback. Any conflicts of interest were declared.

The judges have not visited any of the projects or heard the results. In a number of cases the projects are not built, and so it is not possible to validate the results. The judges expressed a preference for projects that have obtained planning permission or are complete.
