

Junior Consultant / Acoustic Technician Opportunity with WBM

WBM is a small and friendly independent acoustic consultancy with a wide range of work covering environmental noise and building acoustics. Our project portfolio includes many quarry and minerals sites, road and rail projects, sport and leisure, residential and mixed-use developments. See www.wbm.co.uk for more information.

WBM is a member of the Association of Noise Consultants and is also a corporate member of the Institute of Environmental Management & Assessment. All staff are members of the Institute of Acoustics.

We are looking to recruit team members who share our approach to providing an independent, high quality client focussed acoustic consultancy service.

Location:

Northamptonshire in the Midlands with easy access to M1, M6 and A14, close to Leicestershire and Warwickshire.

Role:

Junior Consultant / Acoustic Technician – this role is based in our office in rural Northamptonshire (between Northampton & Rugby) with some flexibility for part-time working, and home working once suitably experienced. The full scope of the role & responsibilities will be based on your qualifications / experience, and will include liaising with clients, undertaking noise surveys all over the UK, calculations and preparing noise assessments and reports.

Requirements:

- applicants must have the right to work in the UK.
- excellent spoken and written communication skills;
- a full driving licence is essential;
- good maths skills (high grade at GCSE is essential, preferably A-level);
- good IT skills including competency using Microsoft Excel and Word;
- relevant acoustic consultancy experience, and/or knowledge of an acoustic computer modelling package would be an advantage; and
- a degree in acoustics is preferred, or a degree in a related subject with an interest in acoustics and the capability to learn about this fascinating subject.

Remuneration:

Competitive salary, 25 days holiday plus statutory holidays, enhanced pension scheme, private healthcare, life assurance and a company car/car allowance. We will also offer to fund further study in acoustics, such as the IOA Diploma or Certificate of Competence, to the right candidate.

Take Action:

Get in touch with us at careers@wbm.co.uk with your name, contact details and CV.
