

Shape the Future of Acoustic Design

Senior Acoustics Consultant/ Acoustics Consultant

Not a typical consultancy. A dynamic and specialized firm, we focus exclusively on delivering exceptional acoustic consulting services. A passionate team, dedicated to advancing the field of acoustics, particularly within the architectural and maritime sectors. We are seeking a driven and technically adept Senior Acoustic Consultant or Consultant to join our friendly and inclusive team.

We focus on quality and integrity, not time sheets. Our progressive culture aims to improve both workplace and project quality including a four-day work week. We offer:

- o Generous salary.
- o Key progression milestones.
- o Progressive holiday allowance.
- o Four-day work week: 08:30 - 17:30, Monday to Thursday.
- o Quarterly social activities.
- o Diverse projects.

About You:

- o Conduct surveys, write and check reports.
- o Use latest noise modelling software.
- o Minimum of 2 years' experience in acoustics role.
- o AMIOA/ MIOA status.

Based in Wirral - opposite the Liverpool skyline we welcome both in-office and hybrid working candidates.
