ACOUSTIC CONSULTING

Environmental Noise Solutions (ENS) is an independent acoustic consultancy specialising in noise in the built environment.

We undertake projects that encompass small, local development projects and new school developments through to major developments including large residential developments and hotels.

Our consultants all have a broad range of experience, both in the public and private sector, and who all work to our high standards of delivering the best possible service to our clients in a proactive and responsive manner required by the modern, commercial environment we all work in.

Acoustic Consultant (£45-50K + Benefits)

We have a position open for an experienced acoustic consultant (6+ years) to join the consultancy division of the company.

The role will involve, dependent on experience, the writing of planning noise reports, the design of acoustic solutions for new and converted buildings along with other high-level project work, commensurate with experience.

Recent projects include a new theatre project in Hull, student accommodation schemes in Sheffield, Manchester and Birmingham, wind farms and solar arrays.

All candidates will ideally have a degree in acoustics or equivalent qualifications in a scientific/engineering discipline and be computer/technology literate and also have good reasoning and writing skills. All candidates are expected to hold a full UK driving licence or European equivalent.

Salary is competitive and commensurate with experience (range: £45,000-£50,000).

We also offer the following employee benefits:

- Permanent Health Insurance.
- Death in Service Benefit (Life Insurance).
- Non-contributory personal pension plan.
- Paid professional fees (IoA, ANC, etc.)
- 25 days holiday
- Attendance holiday bonus of 3 days per annum.
- Company Vehicle (for site based roles).
- Flexible Home Working.
- Annual Bonus.

We have a relaxed but professional working environment and currently have a team of eight acoustic consultants.

In the first instance, please email a CV (for the attention of Dave Poulton) to:
